

Could your business benefit from the innovative RolloValet™? Take this 30-second quiz:

- Are your clients constantly requesting more storage capacity?
- Do they seek out innovative new options with a strong "wow!" factor to impress friends and neighbors?
- Are you working with older or disabled clients who are unable to climb, reach, or stretch for out-of-reach items?
- Would you welcome the opportunity to re-introduce yourself to past customers with a cutting-edge new product?
- Are you looking for an effective way to differentiate yourself from the competition?

If you're ready to exceed your clients' expectations with innovative and efficient storage solutions from RolloValet™, call (973) 376-3456 today!

Build RolloValet™ into your plans

Whether you design from the outside in or the inside out, RolloValet™ is the innovative trade-only storage solution that's guaranteed to break you out of the competitive pack.

Sophisticated Closets

Easy Access to Storage Modules for Closets, Cabinets and *UltraSpace*

RolloValet™...Your secret to truly custom closets

Meet RolloValet™...the innovative storage solution today's homeowners have been clamoring for!

Easy to install — and even easier to use — RolloValet™ was designed by an engineer in the dry cleaning conveyor industry to bring the convenience of motorized storage to the residential market.

Available exclusively to the trade, RolloValet™ helps you deliver maximum value to your clients in today's highly competitive building and remodeling market.

Powerful and versatile

RolloValet™'s rotating shelves bring items to eye level with the touch of a button. It installs as easily as any appliance, and lets you deliver exciting new storage options for every room of the house:

1. Shoes and clothing in the bedroom
2. Linens and bath supplies in the hallway closet or bathroom
3. DVDs, CDs, and books in a home theater or family room
4. Pantry items and cookware in the kitchen
5. Files and computer supplies in a home office

Engineered for quality

Each RolloValet™ unit is precision crafted for safe, smooth and quiet operation. Available in a broad array of hardwoods, styles and finishes, this versatile rotating unit is equally at home in new construction or a historic property.
